

Pre 1813 Lodges - The Story Starts Here

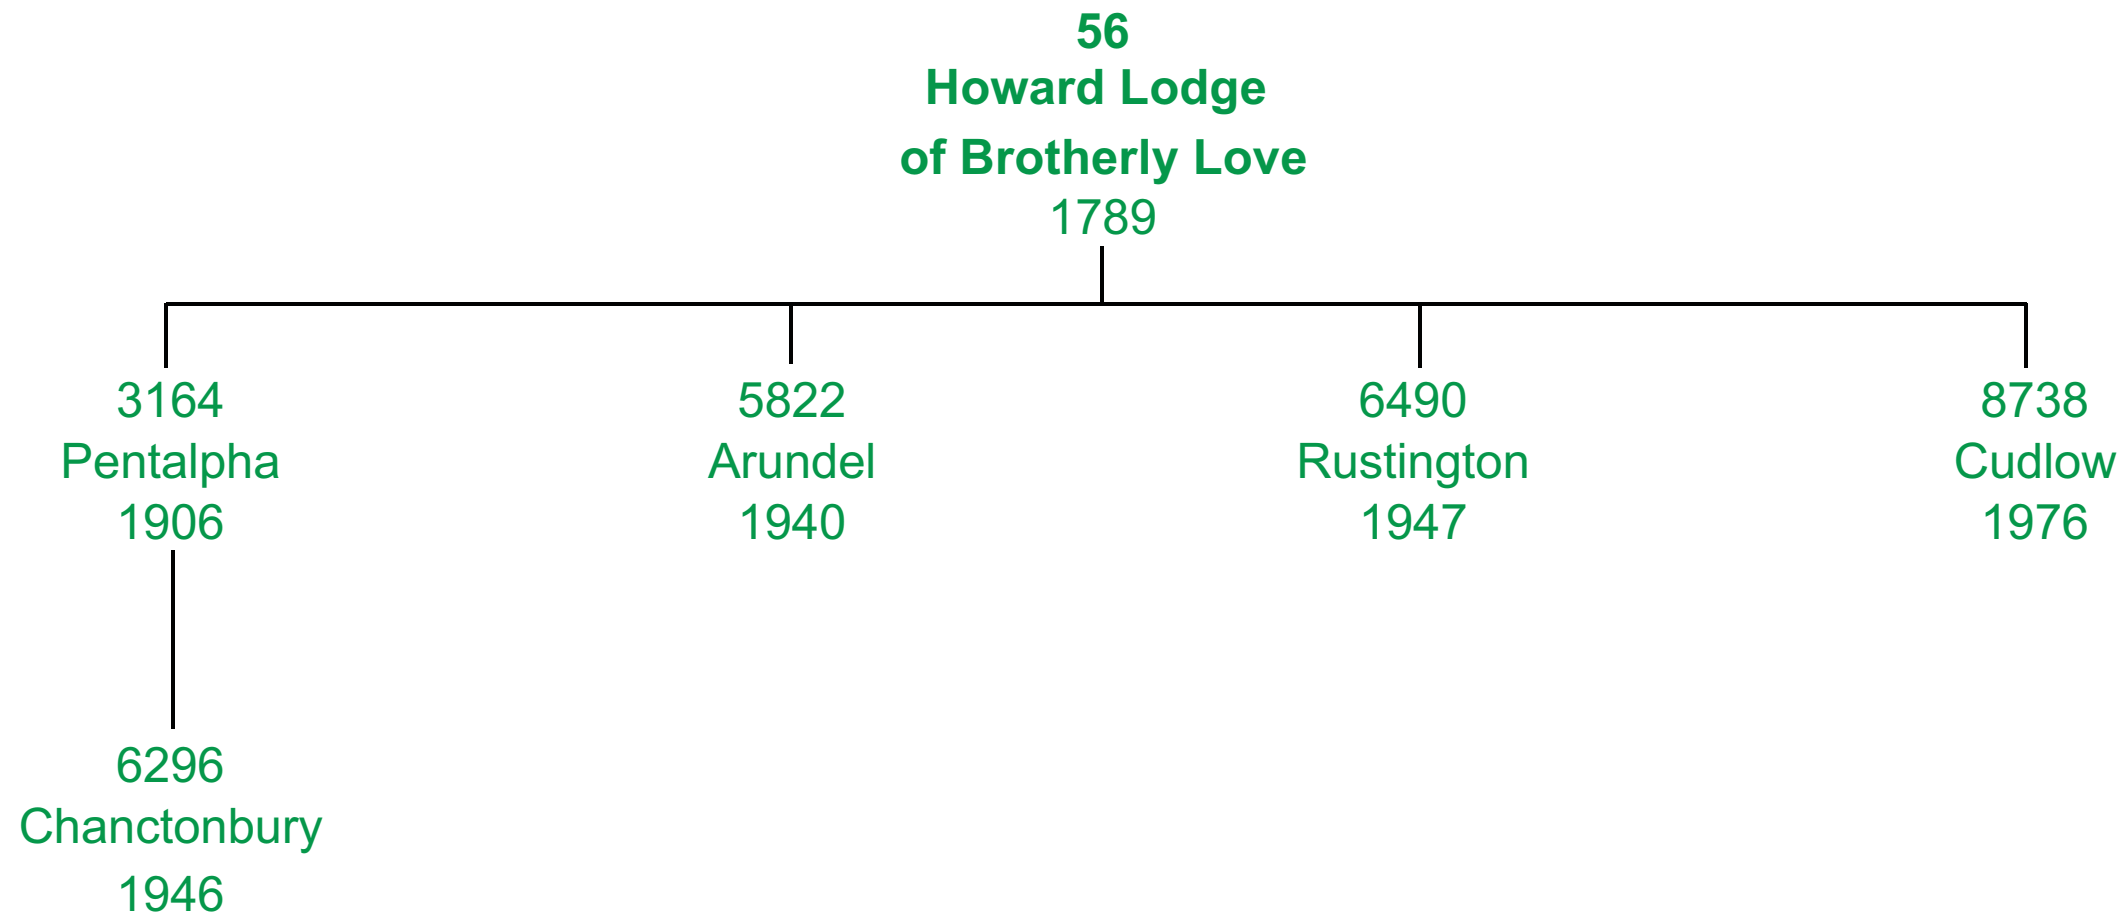

For the sake of clarity we will assume that there is a line of sponsorship from Royal Clarence No 271, to South Saxon No 311 to Royal York No 315. In that brethren from 271 formed 311, and brethren from 311 formed 315. This is based on the work done by the following Sussex brethren:

W.Bro. Ivor Grantham OBE PGD, Deputy Librarian, UGLE, London, in a book called "Records of The South Saxon Lodge No 311, 1964." W.Bro. H Dixon PAGDC, in a book called "The History of Freemasonry in Sussex." 1974.
